

# Biozyme

**BIOZYME** Is a readily biodegradable, bacterial solution which is formulated to break down a variety of organic material safely and effectively. It has excellent enzyme production which enables it to attack the cause of odors and problems. With the addition of enzyme compatible cleaning agents in the formulation, biozyme delivers highly effective results for a variety of cleaning applications.

## DIRECTIONS FOR USE

- Apply after all other clean-up is completed at the end of the day.
- Spray inside the drain and around the drain walls if possible using 2-4 ounces twice a week.
- For problem drains or grease traps see chart below.
- For challenging stains on carpeting, spray undiluted biozyme liberally and brush in a circular motion for complete penetration.
- Cover with a wet, white terry towel for one hour for optimum results.

ITEM CODE	GALLON CASE PACK
4312	2 gallons
4314	4 gallons

### Grease Trap Size

### Reccomended Treatment

Small - 20 Cubic Feet or 150 gallons	4-8 oz. per day
Medium - 20-40 cubic feet or 150-300 gallons	8-20 oz. per day
Large - 41-60 cubic feet or 300-450 gallons	20-32 oz.per day

### Everyday Applications

### Reccomended Dilution

Good	6 oz. per gallon
Better	9 oz. per gallon
Best	12 oz. per gallon

## BENEFITS

- ▶ Odor Eliminator
- ▶ Concentrated Formula
- ▶ Biodegradable
- ▶ Stain Remover

## AREAS OF USE

- ▶ Bathrooms
- ▶ Kitchens
- ▶ Laundry
- ▶ Housekeeping

## DESIGNED FOR

- ▶ Education
- ▶ Lodging
- ▶ Health care
- ▶ Food service
