

Sani-Quat

2222 - 2x1 Gal.

Quat Sanitizer

Sani Quat is a multi-quat sanitizer for use on utensils, glasses, counter tops or any hard, non-porous surface. There is no rinsing required on food contact surfaces after using product.

DIRECTIONS FOR USE:

1. Thoroughly wash and rinse items with potable water.
2. Sanitize equipment and utensils by immersion in 0.75 To 2 ounces of this product per 4 gallons of water for at least 1 minute.
3. Let surfaces drain and then air dry. Do not rinse.

- Quat Based
- Controlled dilution minimizes costs
- EPA registered
