

Guard

1044 - 4x1 Gal.

Metal Safe Dishmachine Detergent

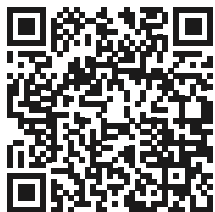

Guard is a heavy duty built detergent designed specifically for the removal of encrusted soils common to the bakery industry. Guard is strong yet safe for use on aluminum.

DIRECTIONS FOR USE:

This product is automatically dispensed into the dishmachine through a detergent injector. Your Advantage Chemical representative will establish the proper dilution rate depending on machine type and water conditions.

- All Temp
- Heavy Duty
- Safe on Aluminum
