

FIT®

4382 - 2x1 Gal.

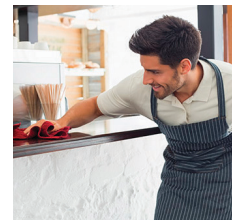

Fruit & Vegetable Wash

FIT® antibacterial fruit and vegetable wash kills 99.9% of harmful bacteria that have been associated with food-borne illness and is only for use on cut, chopped, sliced and other processed product. FIT® rinses away clean, leaving no aftertaste or smell.

DIRECTIONS FOR USE:

1. Clean and sanitize vegetable wash bin.
2. Dispense FIT® solution into the vegetable wash bin, using a ratio of .33 oz / gallon of water.
3. Submerge produce in FIT® solution.
4. Move produce around.
5. Soak for 30 seconds.
6. Remove colander from wash bin.
7. Drain and store according to restaurant procedures.

- 100% Natural
- No artificial surfactants of any kind
- Certified: Kosher, Vegan
