

Aqua Steel

6616 - 6x16 oz.

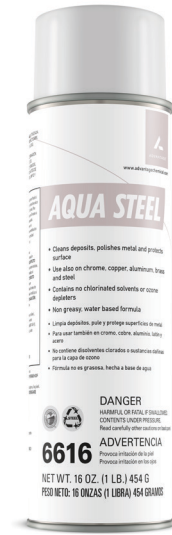

Aerosol Metal Cleaner And Polisher

Aqua Steel is an water based aerosol cleaner and polish for stainless steel surfaces. Aqua Steel also works great on chrome, copper, aluminum, and brass.

DIRECTIONS FOR USE:

Shake well before using. Spray sparingly over surface. Wipe clean with dry cloth, turning often. For heavy deposits, allow foam to remain up to a minute before wiping. Polish to a high shine with a different clean dry cloth.

- Non-greasy
- Water-based formula
- Cleans and protects
